The 2010 **Round Up** is almost here. We hope you will make plans to join us for an enlightened and informative discussion about the rapidly changing times and markets in which we operate.

2010 Round Up
August 1-4
Hyatt Regency Hill Country
San Antonio, Texas

As we gather to enjoy the timeless charm of the Hyatt Regency Hill Country, we will recall that fourteen years ago members of TALHI gathered at this very location for the first ever Round Up.

We will reflect on their journey to build a strong and vibrant insurance market for Texas.

And, we will renew our commitment to continuing that campaign.

We will discuss **federal reforms** that will alter how we do business; we will review state issues likely to be considered during the 2011 Texas legislative session; we will hear **updates from state legislators**; and we will examine an array of other issues of interest to our industry.

This year's setting will once again provide opportunity for relaxation, entertainment and family time if desired. We will also enjoy the fun and interaction of the LIPAC Golf Tournament, sponsored this year by National Farm Life.

Register now to be a part of Round Up's professional development and networking while hearing the latest updates on industry trends.
